

29th World Veterinary Congress

CELEBRATE OUR DIVERSITY

VANCOUVER, BRITISH COLUMBIA • JULY 27 - 31, 2008

Poster Session 1

Monday, July 28 12:15 – 13:15

STREAM ONE: DISEASE SURVEILLANCE, BIOSECURITY AND EMERGENCY PREPAREDNESS

ADEQUATE AND ACHIEVABLE BIOSECURITY SYSTEMS

P1- 01

The effect of Lavender (*Lavandula stoechas*) Essential Oil in Control of *Boophilus annulatus*

Haddadzadeh, Hamidreza

Dept. of Parasitology, Faculty of Veterinary Medicine, University of Tehran (Iran)

P1- 02

Developing Biosecurity Strategies for Viral Hemorrhagic Septicemia Virus (VHSV) in the Great Lakes Basin

Karreman, Grace

Aquatic Animal Health Division, Canadian Food Inspection Agency (Canada)

EMERGENCY PREPAREDNESS

P1- 03

INDOVETPLAN: The Indonesian Veterinary Emergency Preparedness Plan for Foot and Mouth Disease

Suseno, Pebi

School of Veterinary and Biomedical Sciences, Australian Biosecurity CRC for Emerging Infectious Diseases, Murdoch University and Directorate of Animal Health, Department of Agriculture, Indonesia (Australia)

P1- 04

The Impact of Natural Disasters on Animal Welfare in Developing Countries

Dacre, Ian

World Society for the Protection of Animals (WSPA) (UK)

P1- 05

Simultaneous Detection of All Serotypes of Foot-And-Mouth Disease Virus Using LATE-PCR

Mistry, Rohit

Smiths Detection (UK)

P1- 06

Global and specific risk assessment on avian influenza for Romania

Ontanu, Gheorghe

Institute for Diagnosis and Animal Health (Romania)

P1- 07

Clinicopathologic Studies on Dermatophilosis in Camels (*Camelus Dromedarius*)

Bakhiet, Amel

Department of Pathology, College of Veterinary Medicine and Animal Production, Sudan University of Science and Technology (Sudan)

P1- 08

Creation of Livestock Locations for Use in Infectious Disease Modeling

Cajka, James

RTI International (USA)

29th World Veterinary Congress

CELEBRATE OUR DIVERSITY

VANCOUVER, BRITISH COLUMBIA • JULY 27 - 31, 2008

EMERGING DISEASES

P1- 10

Serological Monitoring of Equine Influenza in Fars and Khorasan Provinces of Iran

Mehrabanpour, Mohammad

Razi Vaccine and Serum Institute (Iran)

P1- 11

Bovine Enzootic Hematuria in Guizhou, China

Xu, Leren

Dept. of Animal Medicine, Guizhou University, Guiyang, Guizhou, 550025 China (China)

P1- 12

Emerging Challenges from Outbreaks of Highly Pathogenic Avian Influenza in Nigeria and the Need to Reposition the Poultry Industry for Economic Growth

Idris, Ademoh

Agriculture and Rural Development Secretariat (Nigeria)

P1-13

Clinical, Epidemiological and Pathological Findings of Natural Infection in Cattle by *Trypanosoma vivax* in Brazilian Semi-arid

Bezerra, Francisco Silvestre

Universidade Federal Rural do Semi-árido - UFERSA (Brazil)

P1- 14

Evaluation of Maternal Antibody Levels For Establishing the Vaccination Program Against Newcastle Disease in Ostrich Chicks

Momayez, Reza

Board of Scientific Member (Iran)

P1- 15

Assessing the Human Health Risks of Baylisascaris procyonis Infection in Urban Raccoons in Winnipeg, Manitoba

Green, Christopher

Office of the Chief Veterinarian (Canada)

P1- 16

The Situation and Prospects of Avian Influenza in Nigeria

Olodo-Atitebi, Seliat

Tinan Veterinary Clinic (Nigeria)

P1- 17

First Identification of Escherichia coli O157:H7 by Improved Trypticase Soy Broth and Sorbitol MacConkey Agar containing cefixime and tellurite and comparison with PCRs from cattle carcasses in Shiraz-Iran

Tahamtan, Yahya

Razi Vaccine and Serum Research Institute (Iran)

P1- 19

First Prevalence of Toxin Producing E.coli O157 From Sheep By Molecular Methods in Shiraz-Iran

Tahamtan, Yahya

Razi Vaccine and Serum Research Institute (Iran)

29th World Veterinary Congress

CELEBRATE OUR DIVERSITY

VANCOUVER, BRITISH COLUMBIA • JULY 27 - 31, 2008

P1- 20

Epidemiological Study Of Bovine Dermatitis (Nuka) In Five Batanes Municipalities: First Report On Stephanofilarial Dermatitis in the Philippines
Ludan, Geronima

Department of Agriculture-RFU 02 (Philippines)

P1- 21

The Survey of Prevalence of Toxoplasmosis in School Children and Stray Cats By Indirect Immunofluorescence Antibody and Floating Test in Shiraz-Iran

Tahamtan, Yahya

Razi Vaccine and Serum Research Institute (Iran)

P1- 22

An Integrated Approach in Containment Level III Animal Infectious Disease Research Programs

Harvey-Clark, Chris

University of British Columbia (Canada)

P1- 23

Detection and Characterization of E. Coli O157:H7 in Bile of Cattle at Slaughter Level in Turkey

Erol, Irfan

Food Hygiene and Technology (Turkey)

P1- 24

Immunomagnetic Separation and Pcr Detection of Listeria Monocytogenes in Turkey Meat and Antibiotic Resistance of the Isolates

Erol, Irfan

Food Hygiene and Technology (Turkey)

P1- 25

Long Term Longitudinal and Horizontal Survey Studies of Rift Valley Fever in Saudi Arabia

Al Afaleq, Adel

King Faisal University (Saudi Arabia)

P1- 27

Camelid Leptospirosis; a Serological Study

Abdollahpour, G

University of Tehran (Iran)

P1- 30

Prevalence of Toxoplasma gondii Antibodies in Stray Cats in Sari, Northern Iran

Nasrolahei, Mohtaram

Mazandaran University of Medical Sciences (Iran)

P1- 32

BSE in Germany - Surveillance Activities and Control Measures

Baetza, Hans-Joachim

Federal Ministry of Food, Agriculture and Consumer Protection (Germany)

P1- 33

LATE-PCR Assays for Point of Care Detection and Analysis of Veterinary Diseases

Wangh, Lawrence

Brandeis University (USA)

29th World Veterinary Congress

CELEBRATE OUR DIVERSITY

VANCOUVER, BRITISH COLUMBIA • JULY 27 - 31, 2008

P1-34

Rapid Detection and Analysis of Several Subtypes of Avian Influenza in a Single-Tube Using LATE-PCR

Wangh, Lawrence

Brandeis University (USA)

P1-35

Emerging Infections of *Ehrlichia muris* in Europe?

Sparagano, Olivier

School of Agriculture, Food and Rural Development, Newcastle University (UK)

P1-36

Highly Pathogenic Avian Influenza Subtype H5N1 in Afghanistan

Habib, Maryam

PCR and ELISA Lab Chief (Afghanistan)

P1-37

Evidence of Exposure to West Nile Virus (WNV) and St. Louis Encephalitis Virus (SLEV) in Horses in Trinidad, W.I.

Thompson, Nadin

University of the West Indies, St. Augustine (Trinidad and Tobago)

P1-38

The Effect of Curcumin on Anti-Flu Activities

Chen, Da Yuan

Graduate Institute of Veterinary Public Health, National Chung Hsing University (Taiwan)

P1-39

Development of the Resazurin Microtiter Assay For Assessment of Anti-Surra Drug

Raadan, Odbileg

Laboratory of Infectious Diseases, Department of Disease Control, Graduate School of Veterinary Medicine, Hokkaido University (Japan)

P1-40

Poultry Diseases Associated With the Poultry Red Mite (*Dermanyssus gallinae*): Disease Situation and New Control Methods

Sparagano, Olivier

Newcastle University (UK)

P1-41

Comparison of the Sensitivity and Specificity of Conventional RT-PCR, RT-PCR-ELISA and SYBR Green I Based Real Time PCR Assays for Rapid Detection and Subtyping of Influenza Virus

Chaharaein, Broomand

Department of Veterinary Research, Agriculture and Natural Resource Research Centre of Kermanshah Province (Iran)

P1-42

Tuberculosis in Kafue lechwe (*Kobus lechwe kafuensis*) and Public Health Significance of Game Meat Utilization in Zambia

Pandey, Girja

University of Zambia, School of Veterinary Medicine (Zambia)

P1-43

Emerging Infectious Disease Surveillance Systems: A Review and Ways Forward

Vrbova, Linda

University of British Columbia (Canada)

29th World Veterinary Congress

CELEBRATE OUR DIVERSITY

VANCOUVER, BRITISH COLUMBIA • JULY 27 - 31, 2008

P1- 44

Qualitative Risk Assessment of Avian Influenza Emergence in Sub-saharan African Countries: The Case of Senegal

Mayigane, Landry

Inter-States School of Veterinary Sciences and Medicine (EISMV) of Dakar (Senegal)

P1- 45

Active Surveillance for Influenza Viruses in Migratory Birds in Kenya

Konongoi, Limbaso

Kenya Medical Research Institute/Walter Reed Project Nairobi (Kenya)

P1- 46

Epidemiological investigations of West Nile virus in horses from the East of Romania

Savuta, Gheorghe

University of Agricultural Sciences and Veterinary Medicine (Romania)

P1-47

Neurodegenerative Diseases and Schizophrenia as a Hyper or Hypofunction of the NMDA Receptors

Hlasny, Josef

Research Institute for Cattle Breeding in Rapotin (Czech Republic)
